The well-established Scandinavian magazine Solkysten introduces Sol Property Magazine

The Real Estate market is steadily increasing and market researches show that buyers are especially Scandinavians. Therefore, the magazine Solkysten has started a new magazine called Sol Property Magazine dedicated to realtors and other companies related to buying/ selling properties.

This fantastic new magazine will reach the Scandinavians in their own countries and be present at Properties Abroad Exhibitions throughout Europe.

We're starting this exciting new project with some exceptional advertising rates – so everyone can participate and be seen by the Scandinavians.

Distribution and print run

Sol Property Magazine will be published bi-monthly in 10.000 copies.

The distribution will be mainly in Sweden, Denmark and Norway.

We continuously add new distribution points.

Denmark: 10 SIM golfclubs in Fyn, Aalborg, Copenhagen, Vejle and Bornholm.

Sweden: Golfclubs in Stockholm

Norway: Oslo Capital

Spain: Golfclubs, selected restaurants, clinics and other sought-out places and of course, the advertisers.

Property Exhibitions: Sol Property Magazine will be at the popular Property Abroad Fairs throughout Europe. Ask us for a list over the exhibitions in 2016.

Choose your best option to get in touch with the Scandinavians who are looking for their home under the sun. Get your properties out there without having to think of print or distribution costs!
